MEMORANDUM FOR:  Special Assistant

25X1

FROM: Director of Central Intelligence

SUBJECT: Proliferation of Soviet Entities

Will you see whether there is enough information about the proliferation of Soviet entities around the world, the way they work, and their purpose and significance, to justify some kind of intelligence product to alert the policy community to a further dimension of the Soviet threat beyond the military realm. I have talked to Bob Gates about the best way to pursue future policy implications and opportunity of a continuing decline in the Soviet economy, and you and he should talk further about how to proceed.
